## **NSTN Announces Expanded Services**

**Dallas, Texas – February 2, 2007** - NSTN, a trusted source and leading provider of information, is extending the scope of its services. With the launch of their new Expanded Services, NSTN's clients can now perform property searches, obtain various court and criminal records, Motor Vehicle and Driver's License data and access credit reports.

"NSTN is dedicated to supporting its clients in fraud detection/prevention and reducing identity theft. The more information is verified, the greater the opportunity for prevention and early detection," said Chris Kizziar, NSTN President. "The options available with our Expanded Services not only provide additional protection for our clients and their customers, but also assist them in making better, more informed decisions."

The new Expanded Services are available either on-line or via batch processing. For additional information contact NSTN at [sales@nstn.net](mailto:sales@nstn.net) or visit [www.nstn.net](http://www.nstn.net).

### **About NSTN**

NSTN, Inc. is a trusted source and leading provider of unique and accurate information. NSTN applies proprietary filters to billions of public and privately maintained records to return the unique and accurate information their clients require. By staying informed of legal changes and industry trends, NSTN is able to ensure its customers the most up to date information. The focus at NSTN is on establishing and maintaining long term relationships by providing quality, up-to-date information with exceptional service in a cost efficient manner. NSTN is dedicated to supporting its clients in fraud detection/prevention and reducing identity theft.

NSTN strongly promotes the responsible use of information (GLBA compliant), adhering to strict standards regarding the use and dissemination of personal information.
