

NSTN Launches N-Ployment and N-Search to Join N-Tel

June 2, 2003

Garland, TX – NSTN announces the launch of 2 new services, N-Ployment™ and N-Search™.

Imagine...you are the operations manager for a top-rated collection/attorney firm. You have a backlog of archived files large enough to fill an entire room. Your collectors and skip-tracers felt some of these accounts would NEVER be collected. NOW, imagine new phone numbers, addresses, and EMPLOYMENT information on these files. What if you KNEW exactly where the debtors worked? With NSTN, our new service gives you access to key-critical information, right at your fingertips! Already, hundreds of companies have been reaping the benefits of the NSTN suite of products.

NSTN has been a trusted source and a leading provider of information. Through the identification, retrieval, storage, analysis and delivery of data, NSTN serves the information needs of businesses of all sizes and industry. NSTN keeps abreast of the issues and trends, while building and sustaining long-term relationships through understanding its customers' needs. We respond effectively with products and services that reflect changing industry concerns and dynamics. In addition, NSTN strongly promotes the responsible use of information (GLBA compliant), adhering to strict standards regarding the use and dissemination of personal information.

NSTN, a data solutions provider, is owned & operated by long-time credit/collection ex-

ecutives with nearly 30 years of industry experience. The company provides top-notch data solutions, including Employment Data Searches, Electronic Directory Assistance, Social Security Searches, NCOA, Bankrupt/Deceased Scrubs, great customer support, and prices that can't be beat!

N-Ployment™

N-Ployment provides employment verification access (interactive/or batch). Driven by social security number and designed to offer access to both current and aged employment information, this revolutionary service allows companies access to over one million employee records supplied by approximately 27,000 companies nationwide.

N-Tel™

Millions of telephone records are added, deleted or amended monthly. Success equates to your firm's ability to keep up with this ever-changing environment. NSTN's national directory assistance service bridges the gap for companies that expect real-time information. Via our interactive site or our precise algorithms for batch, NSTN offers our clients the ability to search current directory assistance databases of all the Regional Bell Operating Companies. We provide real-time, instant access to over 130 million U.S. residential and business listings.

N-Search™

N-Search provides Internet access to over a billion current and historical records. The service allows users to browse through

these records instantly. With as little information as a Social Security number, users will have access to names, telephone numbers, and current address information. This information can be vital in tracking down skips, debtors, relatives, neighbors, or associates. Statistics have shown the N-Search product is supplying not only updated address information, but also, in some cases, NON PUBLISHED listings !!!! National Change of Address: Whether it's address changes or better mailing decisions you're after - now you can get all the benefits of NCOA.

Bankruptcy and Deceased Information: Timely confirmation of "bankrupt" and "deceased" information helps prevent unnecessary operational expense and helps your organization maintain legal compliance. Nationwide, over 100,000 people file for bankruptcy each and every month. Our bankruptcy screening service helps you separate out those individuals, from the ones that will pay.

.....
NSTN is a Texas corporation. The NSTN website is www.nstn.net. The company is located at 3960 Broadway Boulevard, Suite 230, Garland, Texas, 75043. Contact NSTN at 877-502-0415, or write to us at sales@nstn.net.
